Model No. HS151218

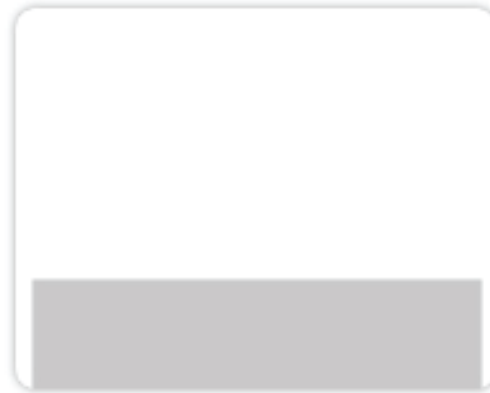

Product Name Mone-B (032-S)
Model No. HS151219

Includes

Dust Remover

Squeegee

Manual

Micro-Fiver Fabric

Pickguard

Instruction

- 1 Find the best place a minimum of dust. After washing your hands, wipe clean the surface of guitar by using the included microfiber cleaner.

- 2 For reference to 'Reference' below, remove the vinyl on protection film first and attach the pick guard's film on surface of guitar. Be careful not to stick contaminants into adhesive surface when attaching film. In case of tiny air bubbles on the film after attached film, this is a process of adhesive stabilization and will disappear soon.

- 3 In case of entering dust when attaching, attach a remover sticker on a corner of the film and lift up the film slowly. Remove the dust from silicone adhesives with another dust remover sticker included.
