What is Blue-light !?

Blue-light, it is the strongest light among visible ray. Blue light in the visible light with a wavelength of 380~398mm, saying, the energy is the shortest wavelength. So, human eyes are able to see and the most powerful in the near ultraviolet, not absorbed in the cornea or lens to reach the retina in the eye and feel tired and long term exposure can damage to the optic nerve and body. Smart devices like LCD, LED of laptops, tablets, smart phones contains a lot of blue light that threat to health.

All new 3 in 1 Anti-Blue protection film.

All new anti-blue film, is more innovative than regular anti-blue film, includes Blue-light cut effect, Anti-shock effect, Oleophobic oil-resistance and 5H hardness coating.

*We called 3 in 1 perfect protection film, has 3 functions of Healing Shield films, **AFP oleophobic, Anti-shock and Anti-blue.***

for Smart device

Men and women of all ages stay healthy.

There are many electronic devices and smart devices to emit blue light and people are directly exposed to it. Using Anti-blue film is highly recommend to growing kids and people who suffer from eye fatigue and hard workers who usually work with computers.

An increasing rate of children spending many hours using smart devices shows the visual disturbances due to studying low physical ability such as headache, sleep disorders, and serious eye strain.

Anti-Dust

Soft touch
sensation

'Prime' is Healing Shield's premium screen protector brand. It has been developed by many researchers of Pontree Corp. for several years. It is an optimal premium full cover screen protector for curved screen.

For the first time, 'Prime SP Design Technique' is applied for CurvedFit Prime! SP Level 2 which enables a protector screen to heal itself reduces recovering time. Damaged protector screen can be recovered by itself from wiping it by a piece of wet tissue or rinsing it by flowing water.

for Smart device

One-on-one 3D full scan technique enables CurvedFit Prime to provide perfect sense of unity.

Hybrid

Combining two into a new one

It is not TPU.

It is not PET.

This is HYBRID which combined TPU with PET.

Optimized for edge

Hybrid type

Self healing

Excellent Sense
of touch

Anti-haze

Optimized for curved screen

Our completely scanned 3D design fully protects delicate curved screen.

Anti-haze

There are NO WRINKELS by using anti-haze COREPLUS technology which overcome urethane material made curved screen protection film. Provide you prominent visibility, smoothness that you haven't seen on the existing CurvedFIT.

Hybrid

Developed for Galaxy series, Easier than than Prime brand with self-healing function.

'Hybrid' is Healing Shield's the most new self-healing brand.

It is developed for Galaxy model's easier installation.

It is more easy to install than Prime for Galaxy series.

Dropshipping

Healing Shield is looking for Dropshipping partners for Healing Shield product.

Dropshipping?

Dropshipping is a supply chain management method in which the retailer does not keep goods in stock but instead transfers customer orders and shipment details to either the manufacturer who then ships the goods directly to the customer.

How To Work Dropshipping?

Dropshipping Pros and Cons.

Pros

1. You don't need any stock and warehouse at all
2. Easy to get start
3. Low capital is required
4. Flexible location
5. Wide selection of products

Cons

1. Slower shipping than local shipping
2. Copycats
3. Lower margin

Healing Shield Can Make better Business Platform.

You can sell 20,000 kinds of Healing Shield products but you do not need any stock at all.

Benefit of Healing Shield Dropshipping.

- 1. Usually Ship within 1 business day*
- 2. Enough margins*
- 3. Keeping track of stock on hand*
- 4. Low error rate*
- 5. Cannot meet copycat*
- 6. No need register fee*
- 7. Worldwide delivery*
